

**WORKSPACE PROJECT
PROFILE**

Idea2Creation

Idea-to-Business Funnel

A polished sales and delivery system that helps move buyers from raw idea to packaged AI-powered execution and productization.

**01**

Core Offer

Sales page, ebook/product fulfillment, secure Stripe flow, thank-you routing, and conversion-minded site positioning.

**02**

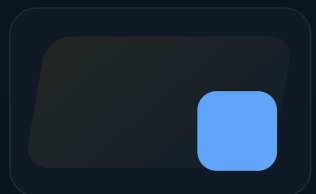

Problem Solved

Bridges the gap between having an idea and knowing how to turn it into a viable digital product or business path.

**03**

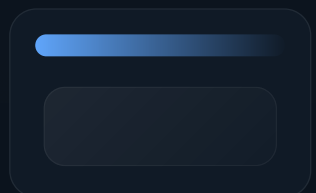

Key Assets

Secure checkout, protected download flow, refreshed sales pages, JV support, and a site closer to improve conversions.

**04**

Ideal Buyer

Beginners, creators, side hustlers, and entrepreneurs who need structure and momentum around their ideas.

05

Growth Path

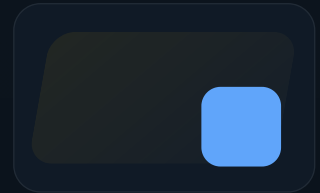

Content -> sales page -> checkout -> ebook/product delivery -> upsell into deeper implementation support.

06

Next Expansion

Run paid tests, validate download completion end-to-end, and add stronger case-study or proof content.
